Description

Enretech absorbent booms, socks, and pillows are the most absorbent products available on the market today. Most other products of this type are made of synthetic materials such as polypropylene – products that use energy and natural resources during manufacturing and are not considered 'ecofriendly'. Enretech booms, socks, and pillows contain XtraSorb as the absorbent medium - an organic sorbent manufactured from treated, recycled cellulose materials. Absorbent containment socks and pillows are available in both an "oil only" form as well as in a "universal" form (can absorb both water-based and oil-based liquids). Obviously, absorbent flotation booms are only available as "oil only".

Application

Enretech booms, socks, and pillows have a broad range of applications:

- Process industries use socks and pillows around leaking equipment to contain a wide range of spilled liquids.
- Industries use booms and socks in collection ponds, dams and other wastewater management systems.
- Spill response teams use "oil only" booms and socks to contain spills on roadways or waterways.
- Marinas use Booms and Bilge Rats to control oily pollution from bilges.

Features and Benefits

- Contains XtraSorb as main absorbent. Highly effective.
- Rapid oil absorption on water or land.
- Each 1.2m sock absorbs 16L of oil, a 2.4m sock absorbs 34L of oil and the 3.0m sock can absorb up to 42L of oil.
- Pillows each absorb up to 7.2L of oil, Mini-Booms up to 9.3L of oil and the 3.0m Floating Absorbent Booms up to 65L of oil.
- Manufactured in Australia from recycled cellulose materials.
- Lightweight and easy to use and dispose. Requires no special training.
- Biodegradable, Incinerable.
- Non-toxic, non-abrasive, non-carcinogenic.
- Booms and Mini-Booms have reinforced outer jacket for long term use in water.

Basic Instructions for Use (Socks and Pillows)

Step 1 Place socks around spill to prevent further spread.

Step 2 Overlap socks by 5cm to eliminate gaps. For uneven surfaces, step on sock to ensure seal.

Step 3 Use pillows to absorb collected liquid or to plug drains.

Product Codes: ENR040, ENR041, ENR043 Containment Socks
1.2m x 100mm (2 Pack)
2.4m x 100mm (5 Pack)
3.0m x 100mm (5 Pack)

Product Code: ENR035 Absorbent Pillows
SIZE: 35cm²
PACKAGE: Pack of 5
PALLET QUANTITY: 48 packs per pallet

Product Code: ENR032 Reinforced Boom
SIZE: 3.0m x 150mm
PACKAGE: Carton of 3
PALLET QUANTITY: 8 cartons per pallet

Product Code: ENR031 Mini Boom
SIZE: 600mm x 150mm
PACKAGE: Pack of 5
PALLET QUANTITY: 24 cartons per pallet

Product Code: ENR030 Bilge Rat
SIZE: 300mm x 100mm
PACKAGE: 10/pk, 6pks per carton
PALLET QUANTITY: 8 cartons per pallet
